

AMENDMENTS TO THE SPECIFICATION:

Please replace the specification with the Substitute Specification being filed herein. The Substitute Specification is being filed in response to the objections to the Specification raised in items 3 - 8, on pages 3 - 5 of the Office Action. In particular, a substitute abstract is being filed herein in compliance with MPEP §608.01(b). A substitute specification is also being filed herein with double spacing, in compliance with MPEP §608.01(I)(b)(2)(i). The present substitute specification incorporates the amendments to the claims and the specification submitted with the Preliminary Amendment filed November 3, 2004.

Withdrawal of the objections to the specification is respectfully requested.
